Hi Ben,

This should be the last piece for #8 with the understanding that BEAD is working on 12, 13, 14, and 22.

Ex. 5 AC/AWP/DP

It looks like the study (line #9) was received in 2001 or 2002. 2001 was my best guess based on the final report date and Documentum dates

Screenshot of Documentum below for reference:

Thanks, Trish.

I suspect that you'll need HED's help, too, on 8, 9, 19, 27, and 28.

Hi Ben,

I am looking into Lines 8, 9, 19, 27, and 28.

We may need BEAD's input for Lines 12, 13, 14, and 22, so I've cc'd some additional folks that worked on the petition response in July.

Will let you know what we find for Lines 8, 9, 19, 27, and 28.

Thank you,
Trish

Importance: High

HED, BEAD, and PRD Folks,

There are a just a few remaining "placeholders" to nail down in the "Petition Response Citations" portion of the TCVP Certified Index, that hopefully can be filled in quickly before Elissa signs a Certification.

I'm attaching the Petition Response for reference, as well as an Excel spreadsheet with the part of the Index that needs a few questions answered.

The "Line numbers" below refer to the spreadsheet row number, and not the "Document ID number":
